

SURGEON CHAIR

Chair Specifications:

- Specifically designed with the Dental Professional in mind
- Modern style that complements any office or operatory.
- A great addition to your Seiler Dental Microscope
- **ITEM CODE: S-MED-2ARMSTL**

One of the most important components of the Dental Office is a comfortable ergonomic chair to work in. Seiler understands the value of ergonomics and is proud to offer our Surgeon Chair. It comes standard with extra lumbar support, adjustable height control, “shock absorber” seat cushion, and adjustable backrest height. Keeping you working comfortably.

Our standard vinyl color is black. If you'd like a different color, please specify when ordering. Please note that custom orders require an additional 30 business days.

Standard Vinyl

Crown Seating offers a wide variety of standard vinyls and can match any color.

Ultraleather Optional Upgrade

Ultraleather™ is perfect for situations where you want the look and feel of leather, but need a more durable and practical alternative.

Silvertex Optional Upgrade

Silvertex fabrics provide the ultimate protection by featuring:

- SILVERGUARD® ion technology, a natural germ fighting defense safeguarding the consumer against odor and stain causing bacteria.
- PERMABLOK3® an effective stain fighting and abrasion resistant treatment.
